

Procedure **Course Number Reuse**

Procedure Number: 201.20
Date Adopted: 9/24/96
Last Revision: 9/24/96

Approved by: ASCRC and Graduate Council

Changed courses may retain the same course number if, in the judgment of the unit, the subject matter remains substantially the same. If the same course number is retained, it is assumed that the old and new courses are equivalent. If, in the judgment of the unit, the subject matter is substantially different and/or old and new courses cannot be considered equivalent, a new number must be assigned.

Course numbers once used cannot be used again for different subject matter for a period of at least 10 years.
