

2023 President's Outstanding Student Award Recipients
Missoula College

Name	Major	Concentration	Nomination Statement
Tristan Ahmaru Redearth	General AA	No Concentration	Tristan is an exceptional student who has contributed to Missoula College through his engagement in learning and encouraging support for classmates. He shines as an effective communicator, balancing thoughtful consideration of others with his insightful perspectives. Whether sharing a thought-provoking research paper or guiding a new student as a teaching assistant, he has enhanced our learning community in countless ways. He is also an active citizen of UM through his contributions to ASUM.
Jean Paul Wakora	General AS	No Concentration	Jean Paul is an engaged and inquisitive student. His impressive dedication to his classes and educational goals is matched only by his deep curiosity and focus in every class and subject he encounters. It is rare to find a student who dives into everything, from Statistics to Writing, with a genuine desire to learn the subject for the sake of the subject. He is a wonderful classmate whose questions and engagement inspires other students to participate. It has been an honor to work with Jean Paul
Alonda Marie White	Registered Nursing	No Concentration	Alonda White has been the student ambassador for her cohort for the past two years and is highly respected by her peers. Here is what her professors have to say: "One great thing about Alonda is that she not only consistently performs at the highest level, she helps create a positive and encouraging environment for her peers so they can also succeed." "Alonda role models positive communication and behaviors and advocates for her peers to understand and accept student responsibility."
Adrianna Fran Morgan	Sustainable Construction Tech	No Concentration	From day one, Adrianna demonstrated an unwavering commitment to craftsmanship and a strong work ethic. Her positive attitude and infectious enthusiasm made her an invaluable asset to her classmates and to the program. She was eager to learn, never satisfied with just "good enough," and

maintained a perfect 4.0 GPA and near perfect attendance while still working full time. All of our faculty agree that it was an honor to help mentor such an outstanding student. Congratulations Adrianna!

Timothy Jay Sousa Welding Technology No Concentration

Timothy has been a model student for the Welding Department. While simultaneously raising a family and working, Tim has managed to maintain a 4.0 GPA with near perfect attendance. His work ethic, passion for learning, positive attitude, and willingness to help out his peers has made him a joy to mentor. Any future employer of Tim will be privileged and proud to have him on their team. Congratulations Tim!
