Dear UM Faculty & Staff,

Access to approve Course Add/Change/Drop requests and submit electronic grade changes is currently only available on the main UM campus network or through VPN.

While both forms are working on campus, the availability to off-campus users was not replicated during the Banner Cloud Migration. The issue was reported yesterday to Ellucian (the software company that owns Banner, CyberBear, etc.) and was supposed to be updated overnight. We have not yet received confirmation that it was fixed.

I will send another message once Ellucian lets us know they have reinstated our previous access settings.

Thank you for your patience and please let me know if you have questions.
