

Dear Faculty & Staff,

In yesterday's email, we shared that the [upgrade to the Faculty and Advisor section of CyberBear has launched](#), but we are still working to improve it based on your feedback.

I'm pleased to report that the alphabetical change to the class lists is now in effect. Students will now appear on your class lists as Last Name, First Name.

Further, a highly requested feature is being implemented as I type. Students who have provided the University with a chosen first name (i.e. a name they prefer to be called rather than their legal first name) will begin to appear on your rosters by their chosen names.

The expansion of chosen names to class lists is just one part of the complex chosen name implementation. We will bring you more information soon. In the meantime, please direct students with questions about chosen names to our [Chosen Name webpage](#).

As always, please do not hesitate to contact us with questions.

Maria Mangold
University Registrar
