

Dear UM Students,

Thank you for joining us for summer semester 2023. We want to share some important final details.

Grades for 5 and 7-Week Session I courses will post to transcripts on or around Tuesday, July 11.

Your transcript will continue to display courses as "In Progress" until all final grading processes are complete. This includes GPA calculation, course repeats, and academic standing calculations. Therefore, **prior to this date, grades are not final.**

If you are also registered for a 10-Week, Special Session, 5-Week Session II or 7-Week Session II course, those courses will continue to display as "In Progress" until later this summer. The specific grade posting dates for those sessions are on our [Summer 2023 calendar](#).

We know you are eager to receive your final grades and many of you need to order official transcripts. We hope the following information is useful and can help you plan according to your needs.

Warmly,

Office of the Registrar
